PROFESSIONAL GRILLS BY ALFRESCO

THE ALFRESCO BUILD, AT AN EASIER PRICE

Artisan grills are made in the USA by Superior Equipment Solutions, the City of Industry, California company that also makes Alfresco. They share Alfresco's commercial-grade 304 stainless, heli-arc welded construction, with fewer extras and a lower price.

Three series cover every budget, from the battery-lit American Eagle to the Professional with its infrared rotisserie burner, with a pizza oven, burners, refrigeration and storage to build a whole outdoor kitchen. Signature stocks Artisan in Pine Brook, New Jersey, and supports dealers from the first drawing to service.
