EXTRAORDINARY COOKING

BUILT LIKE A RESTAURANT RANGE, FOR THE HOME

Capital Cooking has built pro-style ranges for home kitchens since 2001. Its burners, ovens and grills are made the way restaurant equipment is made, from 304 stainless steel, at Superior Equipment Solutions' plant in the City of Industry, California: the same company that makes Alfresco.

You choose the width, the burners, the cooktop and the oven, then the color. Signature stocks Capital in Pine Brook, New Jersey, and supports dealers from the first drawing to service.

TWO KINDS OF BURNER

OPEN OR SEALED, YOUR CHOICE

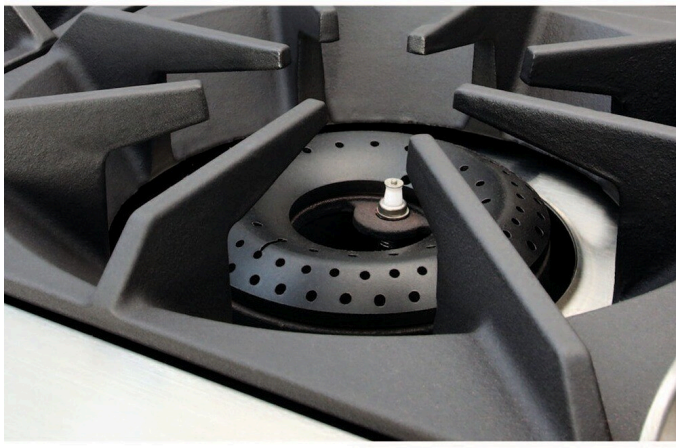

Every Capital range and rangetop comes with one of two burner systems. Open burners put out the most heat; sealed burners are the easiest to keep clean.

POWER-FLAME OPEN BURNERS
25,000 BTU each, plus an 8,000 BTU simmer burner, on cast-iron grates over pull-out drip trays. CGSR, COB, MCOR and CGRT models.

ACCU-HEAT SEALED BRASS BURNERS
19,000 BTU each, sealed into a one-piece top that wipes clean. GSCR, CSB, MCR and GRT models.

RESTAURANT HEAT
Open burners turn down from a full boil to a true simmer.

EASY CLEANUP
Spills stay on the top, not in the burner box.

COOKING IN COLOR

STAINLESS STEEL, OR ANY COLOR

Capital ranges, wall ovens, warming drawers, vent hoods and undercounter refrigerators can be ordered in ten standard colors or in 206 custom RAL colors, with knobs and handles in polished or satin brass or chrome. Rangetops are stainless, with the same four knob finishes.

BURNERS, GRILL, GRIDDLE OR WOK

Most ranges and rangetops come with a choice of cooktop. In a model number, B is a grill, G a griddle, W a sealed-burner wok and CW an open-burner wok: GSCR484BG is a 48-inch Grand Chef range with four burners, a grill and a griddle.

GRILL (B)
Two-sided cast-iron grates over ceramic radiants, up to 1,200°F. 12" grill 18,000 BTU.

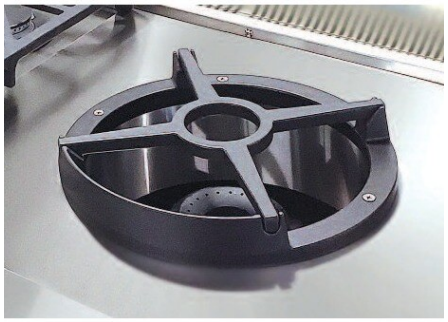

GRIDDLE (G)
A 3/8" stainless plate, thermostat controlled from 150 to 500°F. 12" griddle 18,000 BTU.

POWER WOK (W, CW)
A 24" wok station over its own burner, sealed (W) or open (CW).

COVERED
Every grill and griddle comes with a fitted stainless cover.

WOK GRATES
A drop-in wok grate turns any burner into a wok burner.

MADE TO ORDER
Custom layouts of burners, grill, griddle and wok by request.

INSIDE THE OVEN

AN OVEN THAT DOES MORE

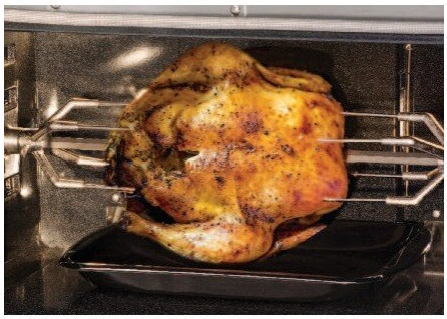

Every Capital oven takes a full-size 26 x 18 inch commercial sheet pan. Grand Chef ovens add more:

INFRARED BROILER
An 18,000 BTU infrared broiler in the gas ovens.

TRU-TEMP CONVECTION
Convection in every Capital range oven.

ROTOMATIC ROTISSERIE
A motorized rotisserie built into the Grand Chef oven.

EZ-GLIDE RACKS
Three ball-bearing racks that slide out under load (Grand Chef).

MOIST-COOK
Adds humidity to the dual-fuel oven, with a meat probe and touch controls.

SELF-CLEAN
Grand Chef ovens clean themselves; Classic Chef ovens are manual clean.
