ITALIAN PRO RANGES, BUILT IN MODENA

Forza ranges are designed and built in Modena, Italy, by Glem Gas, a family-owned company with 60 years of experience making cooking appliances. Modena is the home of Ferrari and Maserati, and the ranges borrow from that heritage: bold lines, colored doors and knobs with a red stripe.

The line covers pro-style gas and dual-fuel ranges, rangetops, wall ovens, a warming drawer, hoods, a dishwasher and a refrigerator. Signature stocks Forza in Pine Brook, New Jersey, and supports dealers from the first drawing to service.
